**LX-1360 12V Diaphragm Pump**

*Industrial Grade Pump*

**Fort Mill, SC** - Lumax diaphragm pumps are industrial grade pumps that are made with components that reduce wear. The innovative design provides faster priming, better performance and longer life. The LX-1360's specs are: voltage 12VDC, power 300W and 16A motor amps. The flow rate for this pump is 11 GPM (40 L / min). The pump's viscosity is up to 4600 SSU/1000cPs max. The maximum suction lift is 10 ft and the maximum total head is 23 ft. Net weight is 9 lbs and the cord length is 6.4 ft. The inlet and outlet diameter is 1" NPT thread. Perfect solution for bulk fluid inventory management such as DEF, anti-freeze and other compatible fluids.
