LX-1339 Diaphragm Chemical Hand Pump

Corrosion Resistant Stainless Steel Pump

Fort Mill, SC - The LX-1339 is Lumax's corrosion resistant diaphragm hand pump made from polypropylene and stainless steel. Ideal for use where compressed air and power is not easily available. Designed for fast transfer of mild chemicals, mild acidic solutions and water based media. Ideal for dispensing DEF/Urea/AdBlue. The pump's handle is lockable. The LX-1339 dispenses 1 gallon of fluid per 10 strokes. The pump comes with the discharge nozzle, 15 ft. flex hose and the telescoping tube assembly that fits 15 to 55 gallon drums and tanks with a 2" bung opening.
