LX-1341 Multi Purpose Oil Pump

Dispensing Fluids in Tough to Reach Places

Fort Mill, SC - The LX-1341 is suitable for precise dispensing of fluids in tough to reach places in tools, equipment, machinery and vehicles. Ideal for transferring oils, transmission fluid, brake fluid, non flammable and corrosive fluids from light to medium viscosity. It features a down stroke mechanism with a nozzle holder to drain redundant oils back into the container. The capacity of the bottle is 1 Qt. The pump discharges 0.14 oz. per stroke. The discharge tube's length is 21 inches.
