LX-1329 Lever Action Chemical Pump

Comes with Removable Non-Drip Valve

Fort Mill, SC - The Lumax LX-1329 Lever Chemical Pump is designed to be a low cost DEF barrel pump solution. Designed for fast transfer of Acidic Solutions, Chemicals, Fuels, Fuel Oils, and Water Based Media. Ideal for DEF/Urea/AdBlue. Short stroke and high volume pump system that makes it quick and easy to dispense fluid.

You can combine a Hose and Nozzle Kit (LX-1367) to the LX-1329 to create a low cost DEF pump system. The exclusive patented design non-drip valve with removable spout comes with the pump. Designed to prevent dripping and air intrusion. The removable spout is threaded to fit all garden hoses. Fits 15-55 gallon drums with standard 2" bung opening. The pump has an adjustable suction tube that accommodates multiple containers. The adjustable locking ring rotates 360 degrees to suit dispensing and user comfort. It offers sealed connections at the barrel and dispensing locations. Providing a safe corrosion free pump solution for bulk DEF/Urea/AdBlue.
