LX-1361 110 - 120V Diaphragm Pump

Industrial Grade Pump

Fort Mill, SC - Lumax diaphragm pumps are industrial grade pumps that are made with components that reduce wear. The innovative design provides faster priming, better performance and longer life. Perfect solution for bulk fluid inventory management such as DEF, antifreeze and other compatible fluids. The LX-1361's specs are: voltage 110V-120VAC, power 330W and 3A motor amps. The flow rate for this pump is 11 GPM (40 L / min). The pump's viscosity is up to 4600 SSU/1000cPs max. The maximum suction lift is 32 ft and the maximum total head is 32 ft. Net weight is 13 lbs and the cord length is 5 ft. The inlet and outlet diameter is 1" NPT thread. Perfect solution for bulk fluid inventory management such as DEF, anti-freeze and other compatible fluids.
